POLE TO POLE WITH NIGEL MARVEN.

Join wildlife expert Nigel Marven on an intimate polar journey, from the frozen wasteland of the northern ice cap to the planet's last great wilderness: Antarctica - a continent so hostile and remote that it has no permanent inhabitants. Watch as Nigel gets up close and personal with unpredictable seals, fearless seabirds, madcap penguins, black bears - and some of the world's deadliest predators, including polar bears, and the elusive killer whale.
