

# Of course, you could always get an ordinary job...

***...or perhaps you've got what it takes to build a career with Centrinet - the leader in managed network and secure data hosting services***

**Trainee technicians (non-shift)**

**£12,000 - £14,500**

*plus productivity bonus and overtime*

**Qualified support technicians**

**£18,400 - £22,400**

*including shift allowance*

**Support team leaders**

**£19,600 - £23,600**

*including shift and other allowances*

**We're looking for talented and self-motivated people to join us at our managed network and secure data hosting operations centre in Lincoln.**

As part of our team providing network support for over 24,000 organisations in 65 countries, you'll be working in a dynamic and stimulating environment where new challenges and total commitment to customer service are a way of life – and anything but ordinary.

***Taking people seriously...***

We believe that happy people are at the heart of good service. Alongside a competitive salary (*with generous productivity bonuses and opportunities for overtime*) you'll receive full ongoing career training.

For full job descriptions and to complete an online application

**visit [www.notanordinaryjob.com](http://www.notanordinaryjob.com)  
or call centrinet on 01522 503300**

*Or, of course, you could always get an ordinary job...*

Combine this with our excellent working conditions, commitment to continuous improvement and active social calendar and you'll understand why we've some of the best staff retention figures around.

If you believe you've got what it takes to become a valued member of the Centrinet team, we'd love to hear from you.

- **A can-do attitude to customer service**
- **A committed team player**
- **Outstanding organisational skills and the ability to learn**
- **Bright and articulate, with an excellent telephone manner**
